Little League

By Harry Miller

After two weeks of vigorous practice, the 4 major league teams last Monday, started their 16 game schedule.

Believe it or not, Cy Wakeley and Jerry Larson say "Our Moose Team looks real sharp. If only we can keep them out of the woods. We may at long last have a Champion."

Ron Johnston and Ken Montague of the Legion admire their pitching, hitting and outfielders. Ron says, "We'll keep our sights on the final game when we bring home the league title."

Larry Heric and Chuck Fick have great regard for the Bear Archery Sluggers. Larry says, "We'll be out there clawing all the way."

Fritz Golinick and Kim Lovely of the State Bank state, "Bring 'em on, our team is long overdue."

I must admit, however, all teams look as if they have equal ability. It should be an exciting year. By all means the boys will enjoy this game of baseball and above all else striving to be good sports on and off the diamond.

The four minor league teams should be practicing this week. Opening game scheduled, June 15.

Take me out to the old ball game. This should be the cry of the moms and dads and all of the fans. You will enjoy watching these boys perform. Good luck to all the boys, Play Ball!

Four candidates filed petitions seeking the two, four year term vacancy seats that will expire on June 30. An unexpired two year term will be filled on a write-in basis, as no one filed petitions for that seat.

Seeking the two, four year terms are:

L. A. Barkley, 46, of Lake Margrethe, purchasing agent at Bear Archery. He attended the University of Detroit for two years. He and his wife have owned property on the Manistee since 1951, and have been permanent residents since 1965. They have two children attending school.

Gerald W. Burns, 44, of 705 Michigan Avenue, is office manager at Bear Archery. He holds a BS degree in accounting from Wayne State. He and his wife have three children in school, one will graduate this year. Burns has been a resident of Grayling since 1938.

Patrick E. Harwood, 42, of Lovells, is the owner of Caid's Grocery in Lovells. He was born and raised in Grayling and graduated from the local school system. He and his wife have three children attending the Crawford-AuSable schools.

Stands Mute On Dope Charge

A Northern Michigan University student appeared before Judge Francis L. Walsh in District Court on Thursday, May 28, on a charge of possession of marijuana.

Julie Kay Thayer, 19, Grayling, stood mute on the charge and waived examination. She is bound over to Circuit Court, and was released on \$500.00 bond.

She was picked up in Magers Hall, NMU, Marquette, on May 22, by Cpl. Thomas R. Krusniak, of the Gaylord State Police Post.

The alleged offense occurred in Grayling, according to State Police officials.

Also appearing before Judge Walsh on May 28, was Robert Harcourt, 59, of Frederic, who pleaded not guilty to an assault and battery charge. Trial is pending, and he was released on \$100 personal recognizance bond.

Dr. Juntilla To Return Here

Dr. J. F. Cook announced last week the sale of his home and office at 406 Michigan Avenue to Dr. Paul Juntilla, of Bay City.

Dr. Juntilla and his family left here a year ago for Bryan, Texas to enter the restaurant business, but returned to Essexville, Mich. this spring to resume the practice of dentistry. He is married to the former Kay Ellen Pettengill and they have two children, Winnie and John. They expect to move here in about three weeks.

Dr. and Mrs. Cook's plans are to spend the summers in Grayling and winters in Florida.

Warning

The Tank Range at Camp Grayling, located North of the North Down River Road and East of the East Branch of the AuSable River will be closed for Range firing 6 and 7 June 1970.

The Artillery Range at Camp Grayling, located North of County Road 612 and South of the North Branch of the AuSable River, will be used by National Guard Units 6 and 7 June for Range firing.

The Known Distance Ranges, located South West of Lake Margrethe will be used for small arms firing 6 and 7 June 1970.

These ranges will be closed on above dates and all persons are warned to stay out of these areas.

Mrs. Lewis Johnson, the former Gwen Lozon, has stated that she will be a sticker candidate for the unexpired two year term.

William H. "Bill" Joseph, owner of the Grayling Mercantile, announced Monday of this week, that he has decided to be a write-in candidate for the two-year unexpired term on the Crawford-AuSable Board of Education.

Dr. Paul A. Dosch indicated Tuesday morning that he will

also be a write in candidate for the two year unexpired term.

Two vote for one, and only one, of the write-in candidates for the two year term: Write in their name and be sure and put an X in the box.

The Proposition ballot will read as follows: Shall the territory of the former Frederic Community School assume its pro-rata share of the bonded indebtedness of Crawford AuSable School District, Crawford, Otse-

go and Kalkaska Counties, Michigan. Dated July 1, 1963?

The reason for this proposal now, is when Frederic and Grayling consolidated in 1966, Frederic Community School District did not assume this bonded indebtedness on the Grayling Elementary School because the law states that when two or more districts consolidate to form a new district, the old district will continue to assume their own (See Election on Page 12)

Crawford County Recreational Activities

The Yellow Drake hatch started in earnest this past weekend. Morning, noon, and evening, the Drakes came on with best fishing in the morning and evening. Good fishing was all day long, even in times of showers. To match this hatch, try Yellow Drakes in sizes 14, 16 and 18.

Week long intermittent rains have raised water levels a few inches, and the AuSable Main Stream, South Branch, North Branch, and Upper Manistee are a bit cloudy. Streamer and bait fishermen found Trout fishing good because of water conditions.

Big bugs in the evening are in evidence on the South Branch. The recreational pastime of canoeing on the 200 miles of canoeing trails in Crawford County is a primary activity. The canoeing trails are at their height of early summer beauty. To make your trip more enjoyable, bring your mosquito dope. Our winged friends of the Northland are at their peak this week.

Steve Nisbet--A Good Man

A friend of mine was in the news recently, in a somewhat sad but inevitable way.

Stephen S. Nisbet, of Fremont and Florida, recently announced that he would not seek re-election to the Michigan State University board of trustees.

The news is sad because Steve Nisbet is a fine man and has been an excellent public servant in Michigan for the last 27 years.

It is inevitable because Steve Nisbet is 75 years old and has suffered two heart attacks in recent years.

"While I have recovered from them pretty well, my doctor says I should not push my luck further," Nisbet explains.

Steve Nisbet deserves a rest. He has been in the public service almost his entire adult life.

Starting as a teacher, he put in several years as superintendent of the Fremont schools, and then became vice president of Gerber Products Co. and president of Fremont Bank and Trust Co.

About the time he left the local school business, Nisbet was first elected to the old State Board of Education, where he served for 18 years.

This former board was charged with running the affairs of the four regional state colleges—Eastern, Western, Northern and Central—as well as the K-12 program throughout the state. There were four

members on the board—three elected statewide, plus the elected State Superintendent of Public Instruction.

The 1963 Michigan constitution changed this system—and just in the nick of time. Can you imagine a single board these days trying to cope with the campus problems at Ypsilanti, Marquette, Mt. Pleasant and Kalamazoo—as well as handling the K-12 situation?

Nisbet had a hand in changing the system, too. Perhaps the high point of his public service career was his tenure as president of the Michigan Constitutional Convention, which met in 1961-62 and rewrote Michigan's constitution.

Nisbet ran as a delegate to that convention, as did many prestigious personages from throughout the state. When the delegates gathered to choose their officers, a stalemate developed between the liberal forces of later-Governor George Romney, the conservative forces of now-Cong. Ed Hutchinson, and the labor-Democratic forces led by Thomas Downs.

After several ballots, Nisbet emerged as the compromise choice to head the convention, while Romney, Hutchinson and Downs wound up as vice-presidents in another compromise action.

The choice of Nisbet turned out to be an excellent one. He guided the convention fairly yet

firmly, and the document that resulted—while not perfect, by any stretch of the imagination—has proved sound enough.

The fact that the convention—split as it was politically, ideologically, geographically, and every other way—even produced a new constitution is in great part a tribute to the guidance and leadership offered by Steve Nisbet.

After that, Nisbet accepted the Republican call to run for the MSU board, where Democrats had forged a monotonous habit of winning. Nisbet, of course, won, and again has served in a steady manner.

But time and age is taking its toll, and Steve Nisbet is retiring from public life—to go to Florida probably full-time, where he has spent much of his time in recent years.

He has served his state and his fellow man well and conscientiously for more than a quarter-century.

Steve Nisbet is living proof that nice guys can be effective, and that they can and do become involved in the political process.

Perhaps most important, Steve Nisbet proves that nice guys do finish first—in the esteem of the many thousands of persons with whom he has come in contact in his long and active life of public service.

WORTH TALKING ABOUT

The bureaucratic imperative must sometimes give way before a higher, compassionate, humanistic imperative, one derived from man's legitimate needs and aspirations—Max Levin, M.D., New York.

"Engineers are trying to build a car that will stop smoking—I'd like to find one that will stop drinking."

Not For Zoo

The National Zoo, now one of the most popular attractions in Washington, D.C., underwent Congressional criticism in early days. In 1902, a Representative denounced an appropriation for the Zoo by saying: "I do not believe the American people ought to be taxed to afford shelter and erect homes for snakes, raccoons, opossums, bears, and all the creeping and slimy thing of the earth."

Timely Advice

Nineteen hundred and seventy is an important election year. In these critical days of unrest and uncertainty, the one reassuring reality that every U.S. citizen can fall back upon is the all-important right to walk into a polling booth and express his choice, with a simple check mark on a ballot, of those who aspire to serve him in public office. Not only should all eligible persons exercise their right to vote, but they should also exercise it with the same care, wisdom and grasp of high principles that they expect of those they put into office.

A brief item in a national news release reminds us all that spring is here, and summer is just around the corner. "Before taking off, either for business or pleasure, there are many chores to delegate or complete. However, one chore should not be delegated. That is to determine your eligibility to vote. Now is the time to prevent your being a political dropout by making sure that you are properly registered!" This is a timely word of advice for all good citizens.

Speaking Of Atrocities

The popular image of the American GI as a good natured, philosophical, foot-slogging soldier, friend of the old, the helpless and children was demolished by charges of U.S. atrocities in Vietnam. Grave as the charges were, they should be kept in perspective. National Review reminds us that, "Speaking of atrocities, the Saigon government reports that 4,500 civilians were killed by Vietcong terrorists in 1969. Five times as many were kidnapped and maimed. The nine year total: 100 murdered, 129,000 wounded, and 60,000 kidnapped."

There will be no trial of perpetrators of atrocities on the communist side. No one expects it, least of all the communist sympathizers who paint the United States as a blackguard nation. The very fact that American servicemen were brought to trial by fellow citizens reveals, more than anything else could, the unbridgeable gulf between the standards of western democracy and communism.

State Police to Inspect Cars

"Be Car Inspection Ready" — The State Police advises all motorists that the bold white, black and red signs placed by the Traffic Safety Association along many streets and highways in Michigan carry a word-to-the-wise message that should be heeded.

Col. Frederick E. Davids, department director, estimates that one out of every four motor vehicles in the state will be exposed to either a state or city inspection this year because of expansion of this activity.

The State Police inspection program has 12 check lane teams working throughout the state compared with eight last year.

In addition, the cities of Ann Arbor, Saginaw, Kalamazoo, Sterling Heights, Livonia, Wyandotte and Muskegon will be conducting the same official inspection within their respective jurisdictions, Davids said.

Further, the cities of Detroit, Flint, Grand Rapids, Dearborn, Oak Park, Lansing, Traverse City and East Lansing have studied the inspection program with indication that some will also be operating one or more check lanes.

Davids urges motorists to obtain needed repairs on their vehicles and to see that their driver and vehicle credentials

are valid in readiness for an inspection. April experience showed, he said, that out of 20,486 vehicle inspections, 16,124 failed. Of those failing, 5,435 received citations for various violations. Among these were 2,898 citations for driver license violations, including 145 for driving on a revoked or suspended license.

Brehm Names Co-Chairmen For Senate Campaign

Marshall A. Brehm, Republican candidate seeking election as 36th District State Senator, today announced the selection and acceptance of the co-chairmen to direct his campaign efforts. Edward TenHouten, Cadillac attorney, and Forrest Meek, a Clare Public School instructor, have been selected.

In 1966 Meek and TenHouten opposed each other as Republican Primary candidates in the same district. Although neither won the primary, their total votes were nearly 60% of the combined Republican votes cast and carried 13 of the 15 counties.

Lyle Smith, Cadillac Appliance store owner, has been selected as Finance Chairman. Area and County chairmen will be named at a later date.

Send a letter to North Vietnam.

Right now hundreds of Americans are being held captive in North Vietnam.

A few prisoners have made it back. They talk about bamboo cages. Vicious beatings. Malnutrition. Humiliation.

But the North Vietnamese will tell us nothing. And it's this silence that makes our appeal more urgent.

For the families at home, there is no word on who's alive. Who's dead. Or even who's being held. There is nothing. Except the anguish of not knowing.

Maybe you can change this. By writing to the one man who can change it: The President of North Vietnam.

Ask him to release the names of prisoners, allow them to write to their families, and let the Red Cross inspect the prisons to

insure proper medical treatment and living conditions.

Remind him that he is bound by the 1949 Geneva Convention which his country signed. And by the Istanbul resolution.

North Vietnamese leaders do care about American public opinion. And if they think they can gain something by bowing to it, they will.

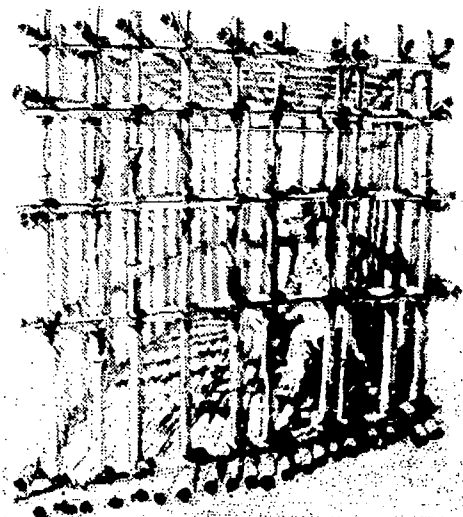

But one letter won't do it. Or a thousand. Maybe it will take millions. So we've got to write now. All of us. And often.

Write a letter tonight. And send it to: Office of the President, Democratic Republic of Vietnam, Hanoi, North Vietnam.

It'll cost you a quarter. But it might save a life.

THE AMERICAN RED CROSS

Maybe they'll open it.

CAPITAL BRIEFS

PUBLIC EMPLOYEE STRIKES — "However legitimate his demands," says Sen. Howard Baker (R-Tenn.), "I do not believe that any government employee has the right to strike against his government that hired him. The postal strike was against the law and it was wrong. To pursue a strike by employees against the government to its extreme would amount to insurrection."

Fame Is Mowed Down

— By Jim Fitzgerald

I bought a lawn mower. Oh, how the mighty have fallen. A man earns only a few claims to fame in the ordinary lifetime. My claims have always been negative. That is, I've been proud of myself for the things I HAVEN'T done. Anybody with the usual quota of bones and brains can do things. It takes a man of real character to resist all temptations and NOT do things.

For instance, I have never seen Bonanza. Not once. Can you imagine? This has been one of the nation's most-watched TV shows for years. Everyone who is anyone knows about P. Cartwright and his boys on the Ponderosa. I've read reams about them. I've even heard Pa sing on the Johnny Carson show (Anyone who sings like that should carry a gun).

But I've never seen a Bonanza show. The reason is simple. By the time I was 12 years old, I'd seen umpteen-thousand cowboy movies. They starred guys like Hoot Gibson, Buck Jones, Ken Maynard and Johnny Mack Brown. They were real men. Then along came Gene Autry and Roy Rogers and the Sons of the Pioneers. They sat around on their horses and sang, for gosh sakes. Can you imagine Buck Jones singing "Rudolph the Red-Nosed Reindeer"?

It was then I swore off cowboys shows for good. I haven't seen one since. Especially I haven't seen Bonanza, no matter how many awards and rating races it wins. I suspect Hos Cartwright is hiding something under that ridiculous hat and might be Gene Autry.

BUT I DIGRESS. This started to be about a lawn mower. That has always been my proudest negative. In over 15 years of home-owning, I never owned a lawn mower.

In the 1st place, what's wrong with long grass? If God had wanted the grass short, He would have given us goats instead of children.

In the 2nd place (my wife's rejection of 1st place was inserted in her wedding vows), the boys in our neighborhood needed the money they earned cutting my lawn with their mowers. And I didn't mind limping horribly whenever I paid them so they'd understand I'd be doing the job myself if I weren't for the German shrapnel in my knees.

In the 3rd place, I had no place to keep a lawn mower. Another negative claim to fame is that I've never owned a garage. A man can't be too careful. Every garage I've seen is full of shovels and saws and drills and hammers and other terrible tools of slavery. I much prefer a carport that converts into a porch for the summer. If I can get someone to convert it.

And in the last place, I'm lazy. I remember when the self-propelled mowers became popular. "You don't even have to push it," my wife said. "Yes," I answered, "but I'd have to follow it."

But despite all these sterling reasons for not owning a mower, last week I bought one. I got it for my son who said he was embarrassed when I hired boys half his size to cut his lawn. He wants to mow it himself and he'd also like to make money cutting neighbors' lawns. This kid has obviously picked up some weird ideas from his mother who washes his brain more than his socks.

So anyway, now there a mower in the family. It cost \$190 for Lord's sake. And no garage. Which gives my son a claim to fame: the only kid in town whose dad makes him sleep with a lawn mower.

Onward and upward.

Congressman Elford A. Cederberg of Michigan's Tenth Congressional District announced today the appointment of Leland Verberkmoes, son of Mr. and Mrs. Henry Verberkmoes, 307 Sherwood Drive, Roscommon, to the United States Naval Academy. Leland was chosen by the Naval Academy Selection Board as one of 150 men who were qualified alternates among competitors nominated by Members of Congress. He will enter the Academy on June 29, 1970.

Leland was born October 18, 1952, and will graduate from Gerrish-Higgins High School in June. During his high school career he was an excellent student and maintained above average grades. He was active in extracurricular activities and participated in football, track and baseball while attending high school. He is also the President of his senior class and is a member of the Student Council and the youth people's Church group. Congressman Cederberg stated: "Leland is an outstanding young man and has met the high qualification standards for admission to the Academy and will make an excellent representative from Roscommon County to the Naval Academy. I am pleased to be able to announce his appointment and wish him every success in his studies."

DEMOCRACY

WASHINGTON,

SPECIAL AWARD — Neil E. McDonald was recently awarded recognition for 10 years of service as a Federal employee. Mr. McDonald is employed as an Engineering Technician with the U.S.D.A. Soil Conservation Service Area Office in City Hall, Grayling, Mich.

Push Button Land Surveying . . .

People around Roscommon County are used to seeing land surveyors set up in the middle of their back yards, or roads, or of what has been wilderness ever since they were young. The land development explosion has brought them in increasing numbers, and one of them, Ostling Surveys, Inc., has a new twist, though they're one of the oldest firms in the area.

The twist is this: a computer over 250 miles from Roscommon helps this organization maintain crews at their field office in Bellaire, Mich., as far away as White Pine, in the western Upper Peninsula, and accomplish work more quickly and accurately than humanly possible. Field practices, due to variances in mechanical equipment and human limitations cannot work beyond tolerances of .01 to .05. The computer works to .001 of a foot and one second of arc . . . it can tell jokes, too, and does so every morning. When the control are tapped the main office of Ostling Surveys, the computer at Wayne State whirs into action and comes up with a good morning like this: "A Western sheriff confiscated a group of slot machines on the basis of a law banning the use of steel traps for catching dumb animals."

The Tech-Mach Data 620 Computer can't laugh for you, but

it can handle four kinds of mathematical computations needed by land surveyors and even produce scale drawings. When incorrect information is fed into the computer for drawing, the machine spits back a terse message such as "Bad Input," "Cannot Compute," "Point not on curve," or "Co-ordinate no good." It also has a memory better than the proverbial elephant and can store information for future use. Its life span, however, is much shorter than ours — only about 10 years.

So, the next time you come across a survey crew, just check them for wires and blinking lights — is it a man or a machine?

LET BIDS FOR HIGHWAY WORK

LANSING — Low bidders on 21 highway projects in 23 counties was announced today by the State Highway Commission.

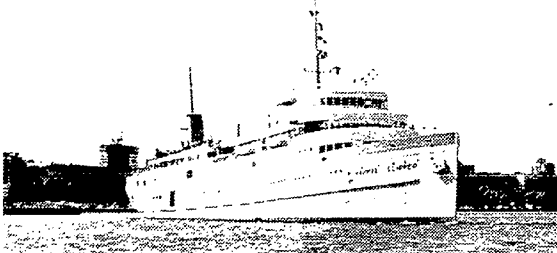

Low bids totaled \$9 million, including \$3.7 million for construction of 2.4 miles of M-59 Freeway in Oakland County and \$1.4 million for modernization of 1.8 miles of M-140 in South Haven.

The low bids must be approved by the State Administrative Board before contracts can be awarded.

The announcement of low bidders on four other projects, including start of construction on the Interstate 475, M-78 interchange in Flint, was delayed pending a detailed analysis of the bids and final consideration by the Highway Commission.

The projects, low bidders and their bids, and scheduled completion dates, by county, are as follows.

Arenac, Crawford, Ogemaw and Roscommon — Signing on 17.6 miles of Interstate 75, from M-33 northwesterly to the M-76 connector south of West Branch and from the Roscommon-Crawford County line northwesterly to one mile north of Four Mile Road. Scheduled completion, June, 1971. Lowest of two bidders, Spartan Asphalt Paving, Holt, \$107,439.

CLIPPER SEASON BEGINS — The Short-Cut across Lake Michigan eliminates 275 miles of congested driving around the southern end of the lake. Year after year, an ever increasing number of traveling families make it a point to sail on one of America's great inland seas; in fact, for many of them it is the highlight of their vacation. Driving East or West, the Milwaukee-Muskegon Clipper Service links trans-continental freeways. It is part of the most direct route Milwaukee-Detroit and points East. Clipper Docks are easy to reach. At Milwaukee, within one block of Interstate Freeway 94 at the lake front, foot of Clybourn Street. In Muskegon, Interstate Freeway 96 to Detroit is picked up at the Clipper Dock.

WASHINGTON AND SMALL BUSINESS

Hemlines and Breadlines

It's obvious, looking back, "prove the nation's prosperity" that anyone "playing the stock market" a year ago should have seen the handwriting on the wall and cashed in his blue chips.

Obvious, because women's skirts had reached a height at which they could do nothing but fall. The miniskirts which crept up on the American society might have enlivened masculine outlooks, but they foretold gloomy days on Wall Street.

For it is pretty well accepted that the stock market rises and falls with women's hemlines, based mainly on the '29 Crash. The onset of the midskirt and maxi-skirt in last Fall's Paris showings should have alarmed investors.

Thorough economic analysis, fiscal policies, balance sheets . . . all that just muddles up what is clearly apparent when hemlines begin moving.

Congressman Barber Conable of New York says the hemline theory opens up new possibilities for government. The logical first step toward avoiding financial skids, he says, would be government nationalization of the women's garment industry. Or, he suggests, if hemline heights could be legislated, what would be the moral consequences of Republicans and Democrats vying against each other at campaign time to impose . . .

An even better indicator might be the record of when Congressional Senators strike out on government fiscal responsibility!

EMPLOYEES MUST REPORT TIPS

Mr. E. O. Wiles, Manager of the Traverse City Social Security Office reminded area employees that tips received by an employee are considered wages by Internal Revenue and Social Security.

When an employee receives cash tips amounting to \$20 or more in a month the worker is required by law to report the amount to his employer who must make it a part of the employee's wages reported for income tax and social security purposes.

The employee must report his tips to his employer on or before the 10th day of the month after the tips are received.

Employers must collect both income tax and employee social security contribution on tips reported by employees from wages due the employees or from other funds made available by the employee.

Employers are not liable for the employer's contribution on employee tips.

Mr. Wiles advised employers in the area that they can contact his office W-1 6-8360 or their local Internal Revenue Service Office for information concerning Tip reporting. He also indicates that individual tip reporting forms are available as well as pamphlets and brochures that detail the reporting procedures.

Bobenmoyer - Thompson Speak Vows

(Doug Morgan Photo)

St. Mary's Church was the scene of the wedding of Mary Virginia Bobenmoyer, daughter of Mr. and Mrs. Donald Bobenmoyer of 102 Fig St., Grayling and Patrick Scott Thompson, son of Mr. and Mrs. Gordon Thompson of Grayling on Saturday, May 16. The double ring ceremony was performed by Father William McKnight before some 250 guests. Music was by Mrs. Ralph Hoffman.

The bride, given in marriage by her father, approached the altar, decorated with baskets of white flowers, in a floor length gown of white silk organza, fashioned with an Edwardian styled lace bodice, standup collar and puff sleeves. From her fitted waistline fell a softly gathered skirt, bordered with daisy lace. A detachable court train highlighted her gown.

Her Camelot styled headpiece held secure her English mist bouffant veiling and she carried a cascade of white roses, miniature pink roses, baby's breath and ivy.

Mrs. Martel Sorenson of Richland Center, Wis., sister of the bride, was matron of honor. Bridesmaids were Louella Millikin, Mrs. Janice Annis (sister of the bride) and Candy Henig. Junior bridesmaids were Yvonne Bobenmoyer, sister of the bride, and Gail Young.

The attendants preceded the bride in floor length gowns of orchid Irish linen, except the matron of honor whose gown was petal pink. Standup collars and puffed, capped sleeves fashioned their gowns with fitted bodices and A-line skirts, which were accented with applique daisy lace and they carried initiated silver chalice (their gift from the bride) filled with baby pink roses, ivy and starburst pom poms.

The groom's attendants were his brother, Randy Thompson, who served as best man; Dave Nethers, Ken Jaworski of Southgate and Rick Cunningham of Hubbardston, groomsmen; Grant Thompson and Mike Smock, ushers. David Bobenmoyer, the bride's brother, was the ring bearer.

For her daughter's wedding Mrs. Bobenmoyer chose a dress of powder blue crepe with navy accessories. She wore a corsage of pink miniature roses.

Mrs. Thompson, the groom's mother, wore a beige sheer wool dress with brown accessories.

Her corsage was also of pink miniature roses.

A reception was held immediately following the ceremony at the Enlisted Men's Club at Camp Grayling. Following a short wedding trip in Southern Michigan the newlyweds are at home at 1707 Durand St., Apt. C, Saginaw, Mich.

For her going away attire, the bride wore a beige lace dress with navy accessories and a corsage of pink baby roses.

The bride is a graduate of Grayling High School. The groom is also a graduate of Grayling High School and Ferris State College.

Out of town guests were from Lincoln Park, Gaylord, Manistee, Detroit, Bay City, Battle Creek, Buchanan, Traverse City, Bad Axe, Linwood and Escanaba as well as Richland Center, Wis. and Fostoria, Ohio.

Girl Scouts Hold Fly-up Ceremony

District II, Neighborhood 7 of the Big Waters Girl Scout Council held a Fly-Up ceremony last Thursday afternoon in the gymnasium of the elementary school. In charge of the event were Mrs. Thomas Trenary, neighborhood chairman, Mrs. John Canfield and Mrs. James LaGrow.

The purpose of the Fly-Up ceremony is to help Brownie and Girl Scouts maintain group continuity as they pass into the next program level, to enable the girls to become acquainted with next year's leaders, and to provide an opportunity for troops to rededicate themselves to the Promises and goals of Girl Scouting.

Regular troop meetings are not continued through the summer months, but some of the approximately 150 girls in the neighborhood will attend camps and informal get-togethers, and girls and adult volunteers will participate in the Memorial Day parade.

At the neighborhood meeting on May 18 it was decided that it would not be possible for troops to march in the July 4 parade because of family vacations and absence of leaders.

Mrs. Trenary announces that registration blanks for girls who wish to join Brownie troops next year have been distributed, and for newcomers to Grayling or others, there will be available troops.

Girls flying up to Junior and Cadette Troops and their new leaders are: Junior Troop #128, leaders, Mrs. Ken Carlisle and Mrs. Jerry Wysocki; Shannon Frederick, Jennifer Boyce, Shelly Pick, Michelle Mitchell, Laura Bilger, Betty Jo Kucharek, Sharon Gibbons, Sue Ellen Fairbotham, Charleen Perry and Patty Yoder.

Junior Troop #126, leaders, Mrs. Glen Fenton and Mrs. Ted Hawkins; Teresa Harden, Janthe Westers and Patty Kenel.
